East End Vision Statement 2010

In 2020, the City of Cortland's East End will be a welcoming, friendly, and vibrant neighborhood that acknowledges and celebrates its rich heritage and community values. The East End will embrace its small town charm by integrating clean, tree-lined streets, family neighborhoods, quality housing and green space, while supporting commercial development that contributes to a prosperous business community. With active community involvement, the East End will maintain its diversity and sense of place while preserving its historic past.
